What is pedagogy? If teaching is the act of encouraging learning activities through discovery and acquired knowledge, pedagogy is the method of teaching, both as an academic subject or theoretical concept. Within pedagogy, there are four core learning profiles: Auditory learners benefit from listening to the information presented to them in class. They learn orally from both listening to instruction from the teacher and audio recordings.

The impact of the teacher and the approaches to teaching that are selected cannot be overstated. Some teaching models not only help to develop pupils' understanding of the subject-matter being taught, but can also, if approached in the right way, provide pupils with a tool they can use to support their own learning both now and later in life.
