Environmentalism Disaster

Some have argued that the litigation following the
Bhopal disaster provided an "innovative model" for
dealing with the global distribution of technological
risk; others consider the disaster a turning point in
environmental legislation; still others argue that
Bhopal is what globalization looks like on the ground.

She moves from hospitals in India to meetings with lawyers, corporate executives, and environmental justice activists in the United States to show how the disaster and its effects remain with us. Spiraling outward from the victims' stories, the innovative narrative sheds light on the way advocacy works within a complex global system, calling into question conventional notions of responsibility and ethical conduct.

Advocacy after Bhopal: Environmentalism, Disaster, New ...

A comprehensive ethnography of the events surrounding the disaster in Bhopal India after the catastrophe at the Union Carbide chemical plant. Fortun does an excellent job of giving the perspectives of multiple groups ranging from the workers, to women, to US lawyers fighting for the people's rights (even if it was for their own personal benefit).
