*Catch a Falling Star by Kim

Catch A Falling Star is a
beautiful middle-grade novel
about family, grief and
growing up. Authentic
Australian setting, a
compelling mix of historic
events and astrology, and
characters who are easy to
love. Now, don't hurt me,
but do I put this under
historical fiction? It is
set in Australia in 1979.

If this is a lesser novel from John Brunner, it's still a very good one, filled with a wealth of invention. Written in the days when SF novels were usually restricted in length, it still manages to pack quite a lot into its tale of the far, far future of Earth.
