A tour of the successful experience of the best athlete in the sports history of Spain. Its a recount from the greatest parts of his best moments, triumphs, joys, defeats, failures, injuries, and life lessons.

What makes a champion? What does it take to be the best in the world at your sport? Rafael Nadal has the answers. In his memoir, written with award-winning journalist John Carlin, he reveals the secrets of his game and shares the inspiring personal story behind his success. It begins in Mallorca, where the tight-knit Nadal family has lived for generations. Coached by his uncle Toni from the age of four and taught humility and respect by his parents, Nadal has managed the uncommon feat of becoming an acclaimed global celebrity while remaining a gracious, hardworking role model for people in all walks of life. Now he takes us behind the scenes, from winning the Wimbledon 2008 final—described by John McEnroe as “the greatest game of tennis” he had ever seen—to the family problems that brought him low in 2009 and the numerous injuries that have threatened his career. With candor and intelligence, Nadal

brings readers on his dramatic and triumphant journey, never losing sight of the prize he values above all others: the unity and love of his family. From RAFA: "During a match, you are in a permanent battle to fight back your everyday vulnerabilities, bottle up your human feelings. The more bottled up they are, the greater your chances of winning, so long as you've trained as hard as you play and the gap in talent is not too wide between you and your rival. The gap in talent with Federer existed, but it was not impossibly wide. It was narrow enough, even on his favorite surface in the tournament he played best, for me to know that if I silenced the doubts and fears, and exaggerated hopes, inside my head better than he did, I could beat him. You have to cage yourself in protective armor, turn yourself into a bloodless warrior. It's a kind of self-hypnosis, a game you play, with deadly seriousness, to disguise your own weaknesses from yourself, as well as from your rival."

Since 2004, two names have dominated men's tennis: Rafael Nadal and Roger Federer. Each player is legendary in his own right. The Spanish Nadal is the winner of sixteen Grand Slam titles, including five consecutive French Open singles titles from 2010-2014, and is the only player ever to win a Grand Slam for ten straight years. Federer, from Switzerland, has spent over three hundred weeks of his career ranked as the number-one player in the world and has won twenty Grand Slam titles and two Olympic medals. But neither player's career would have been nearly as successful without the decade-long rivalry that pushed them to rise to the peak of tennis excellence. Nadal and Federer have met thirty-eight times over the course of their careers, and have shared the distinction of being ranked the two best players in the world for an astounding six years in a row from 2005-2009. In *Roger Federer and Rafael Nadal*, international sports journalist Sebastian Fest uses information gleaned from his numerous interviews with both players over the last decade to narrate the rivalry, and its impact not only on the players, but on the sport itself. Documenting their respective wins and losses, hopes and disappointments, and relationships with their rivals, Fest formulates a unique biography of two of the greatest players of tennis. Thanks to his modest personality, from an early age the great tennis player Rafa Nadal discovered what really matters, and the values that would be the guiding principles for his life. Guided Reading Level: P, Lexile Level: 930L

Con sencillez, franqueza e inteligencia, Rafael Nadal guía a los lectores por el dramático y triunfante viaje de su vida, sin perder nunca de vista el trofeo que más valora en este mundo: la unidad y el amor de su familia. Desde que inició su trayectoria

Comment devient-on un grand champion ? Quels sacrifices doit-on accepter pour arriver à ce niveau ? Rafael Nadal a vingt-six ans et laissera sa trace dans l'histoire du tennis par sa précocité, son obstination, le nombre impressionnant de ses victoires, et la singularité de l'entraînement qui lui a permis de devenir un des meilleurs joueurs de tennis de tous les temps. Ses mémoires nous ouvrent ce que l'on connaît mal de la vie du champion ; son enfance, avec tout l'engagement psychologique et physique de sa famille, jusqu'à ses excès, ses moments de remise en question qui le fragilisent profondément, comment il s'en échappe et comment, tout au contraire, il vit ses états de grâce lors des grands matches, la vie quotidienne à la fois sage et intense sur la route, ses réflexions sur l'entraînement surintensif des athlètes et leurs rapports avec le dopage – particulièrement à l'ordre du jour en ce moment, avec la polémique du Grand Journal ! – tout cela est raconté à travers de multiples anecdotes, avec sincérité, cœur et intelligence. Avec la collaboration de John Carlin Traduit de l'anglais par Judith Coppel

The executive editor of Sports Illustrated offers an in-depth analysis and behind-the-scenes look at the historic 2008 match between tennis titans. In the 2008 Wimbledon men's final, Centre Court was a stage set worthy of Shakespearean drama. Five-time champion Roger Federer was on track to take his rightful place as the most dominant player in the history of the game. He just needed to cling to his trajectory. So, in the last few moments of daylight, Centre Court witnessed a coronation. Only it wasn't a crowning for the Swiss heir apparent but for a swashbuckling Spaniard. Twenty-two-year-old Rafael Nadal prevailed, in five sets, in what was, according to the author, "essentially a four-hour, forty-eight-minute infomercial for everything that is right about tennis—a festival of skill, accuracy, grace, strength, speed, endurance, determination, and sportsmanship." It was also the encapsulation of a fascinating rivalry, hard fought and of historic proportions. In the tradition of John McPhee's classic *Levels of the Game*, *Strokes of Genius* deconstructs this defining moment in sport, using that

match as the backbone of a provocative, thoughtful, and entertaining look at the science, art, psychology, technology, strategy, and personality that go into a single tennis match. With vivid, intimate detail, Wertheim re-creates this epic battle in a book that is both a study of the mechanics and art of the game and the portrait of a rivalry as dramatic as that of Ali–Frazier, Palmer–Nicklaus, and McEnroe–Borg. “Deftly touches on all the defining factors of contemporary tennis.” –San Francisco Chronicle “Illuminates a kingdom changing hands. An engrossing book.” –Bud Collins
