~~Learn How to Repair Homelite String Trimmers | How to ...~~

Over time, some of the ingredients in the fuel may evaporate, leaving behind a thicker, stickier substance. This sticky fuel can clog up the fuel filter and prevent the engine from starting. If old fuel was left in the string trimmer, drain the old fuel from the fuel tank and replace the fuel filter.

~~Homelite String Trimmer — String Trimmer Won't Start ...~~

The fuel line in a Homelite gas trimmer connects the fuel tank to the carburetor. This flimsy plastic line will degrade over time and needs to be replaced seasonally. Also, if the trimmer has been improperly stored gas will dry out in the line, which can reduce the amount of fuel in the carburetor.

~~How to Replace Fuel Line in Homelite Gas Trimmer | eHow~~

Cut two pieces of 9-foot long string from the bulk line spool with scissors. Locate the string anchor hole in the upper part of the spool. The hole will just be big enough for the string. Insert one end of one of the 9-foot pieces of string into the anchor hole. Wind the string tightly and evenly counter-clockwise around the upper channel of the spool.
