First-Rate nissan h20 engine parts With Innovative ...

The H20 parts that work with an R16 come from an engine starting with a K in the serial number. I do not know the rest but the K should be a good indicator. As long as the R motor is a later 5 main block you should be good to go. You could get away with using the H20 block, camming it up and adding some 2 liter SUs or some Mikuni/Solex carbs.
