The Bridges of Toko-Ri is a novella by America author James A. Michener. The book tells the story of the United States Pilots in the Korean War as they undertake a mission to

Download Free The Bridges At Toko Ri

destroy the protected bridges in the enemy territory. This is a vivid and moving novella and really does pack a punch.

In one of his beloved early bestsellers, Pulitzer Prize–winning author James A. Michener crafts a tale of the American men who fought the Korean War, detailing their exploits in the air as well as their lives on the ground. Young and innocent, they arrive in a place they have barely ever heard of, on a ship massive enough to carry planes and helicopters. Trained as professionals, they prepare for the rituals of war that countless men before them have endured, and face the same fears. They are American fighter pilots. Together they face an

waters . . . all are stirringly rendered.”—The Denver Post
“Michener’s best . . . a story of action, ideas, and
civilization’s responsibilities.”—Saturday Review

In 1951, James Michener went to Korea to report on a little known aspect of America's stalemated war: navy aviators. His research-inspired novel about these pilots became an overnight bestseller and, perhaps, the most widely read book ever written about aerial combat. Using Michener's notes, author David Sears tracked down the actual pilots to tell their riveting, true-life stories. From the icy, windswept decks of aircraft carriers, they penetrated treacherous mountain terrain to strike heavily defended dams, bridges, and tunnels, where well-entrenched Communist anti-aircraft gunners waited to

Download Free The Bridges At Toko Ri

shoot them down. Many of these men became air combat legends, and one, Neil Armstrong, the first astronaut to walk on the moon. Such Men As These brims with action-packed accounts of combat and unforgettable portraits of the pilots whose skill and sacrifice made epic history.

The Bridge at Andau is James A. Michener at his most gripping. His classic nonfiction account of a doomed uprising is as searing and unforgettable as any of his bestselling novels. For five brief, glorious days in the autumn of 1956, the Hungarian revolution gave its people a glimpse at a different kind of future—until, at four o'clock in the morning on a Sunday in November, the citizens of Budapest awoke to the shattering sound of Russian tanks ravaging their streets. The

Download Free The Bridges At Toko Ri

revolution was over. But freedom beckoned in the form of a small footbridge at Andau, on the Austrian border. By an accident of history it became, for a few harrowing weeks, one of the most important crossings in the world, as the soul of a nation fled across its unsteady planks. Praise for *The Bridge at Andau* "Precise, vivid . . . immeasurably stirring."—*The Atlantic Monthly* "Dramatic, chilling, enraging."—*San Francisco Chronicle* "Superb."—*Kirkus Reviews* "Highly recommended reading."—*Library Journal*

A riveting Vietnam War story--and one of the most dramatic in aviation history--told by a New York Times bestselling author and a prominent aviation historian Every war has its "bridge"--Old North Bridge at Concord, Burnside's Bridge at

Download Free The Bridges At Toko Ri

Antietam, the railway bridge over Burma's River Kwai, the bridge over Germany's Rhine River at Remagen, and the bridges over Korea's Toko Ri. In Vietnam it was the bridge at Thanh Hoa, called Dragon's Jaw. For seven long years hundreds of young US airmen flew sortie after sortie against North Vietnam's formidable and strategically important bridge, dodging a heavy concentration of anti-aircraft fire and enemy MiG planes. Many American airmen were shot down, killed, or captured and taken to the infamous "Hanoi Hilton" POW camp. But after each air attack, when the smoke cleared and the debris settled, the bridge stubbornly remained standing. For the North Vietnamese it became a symbol of their invincibility; for US war planners an obsession; for US airmen a testament to American mettle and valor. Using after-action

Download Free The Bridges At Toko Ri

reports, official records, and interviews with surviving pilots, as well as untapped Vietnamese sources, *Dragon's Jaw* chronicles American efforts to destroy the bridge, strike by bloody strike, putting readers into the cockpits, under fire. The story of the *Dragon's Jaw* is a story rich in bravery, courage, audacity, and sometimes luck, sometimes tragedy. The "bridge" story of Vietnam is an epic tale of war against a determined foe.

These memoirs are not an attempt to answer, solve, or resolve the problems arising from or about the three-year-long Korean War or the much longer stalemate that followed. This story was written to let you know how one very young, very scared marine saw his very first war and how he reacted

Download Free The Bridges At Toko Ri

to the killing and the mayhem of it. The stories are my view of that war, a war gone to ground in the trench lines. Dig into the stories and you may find something you were not expecting. I am well aware that my view of the Korean War has no historical importance. Still, it is my view, and I want to share it with you. I do not have a cause to plead or an ax to grind, and that alone ought to count for something. My memoirs are selective and most certainly tainted with time. My recollections are a lot like boot mines, and ought to be approached with caution. I was a grunt, a Four Deuce forward observer, assigned to duty with a marine infantry company every time the 1st Marine Regiment went back up on line. During the time I was in Korea my boondockers were firmly planted in trench-line mud. When I came home in September

Download Free The Bridges At Toko Ri

1952, I was proud that I had helped in the attempt to stop Communism in Korea. I was proud of all the men I served, and served with, and I was a little bit proud of myself, too.

Captain Cleve Connell has already made a name for himself among pilots when he arrives in Korea during the war there to fly the newly operational F-86 fighters against the Soviet MIGs. His goal, like that of every fighter pilot, is to chalk up enough kills to become an ace. But things do not turn out as expected. Mission after mission proves fruitless, and Connell

Download Free The Bridges At Toko Ri

finds his ability and his stomach for combat questioned by his fellow airmen: the brash wing commander, Imil; Captain Robey, an ace whose record is suspect; and finally, Lieutenant Pell, a cocky young pilot with an uncanny amount of skill and luck. Disappointment and fear gradually erode Connell's faith in himself, and his dream of making ace seems to slip out of reach. Then suddenly, one dramatic mission above the Yalu River reveals the depth of his courage and honor. Originally published in 1956, *The Hunters* was James Salter's first novel. Based on his own experiences as a fighter pilot in the Korean War, it is a classic of wartime fiction. Now revised by the author and back in print on the sixty-fifth anniversary of the Air Force, the story of Cleve Connell's war flies straight into the heart of men's rivalries and fears.
