important element is our emphasis on the audience. All students reading the book are potential theatregoers, not just during their college years but throughout their lives. We have therefore attempted to make Theatre: The Lively Art an ideal one-volume text to prepare students as future audience members. It will give them a grasp of how theatre functions, of how it should be viewed and judged, and of the tradition behind any performance they may attend. In addition to serving as an ideal text for non-majors, Theatre: The Lively Art will also prepare students who wish to continue studies in theatre, as majors, minors, or students from other disciplines who take advanced courses.

“There are moments in the history of theatre when stagecraft takes a new turn. I like to think that this happened for the American musical last week, when Tony Kushner’s *Caroline, or Change* (at the Public), a collaboration with composer Jeanine Tesori and the director George C. Wolfe, bushwhacked a path beyond the narrative end of the deconstructed, overfreighted musicals of the past thirty

years.”—John Lahr, *The New Yorker* Louisiana, 1963: A nation reeling from the burgeoning Civil Rights Movement and the Kennedy assassination. Caroline, a black maid, and Noah, the son of the Jewish family she works for, struggle to find an identity for their friendship. Through their intimate story, this beautiful new musical portrays the changing rhythms of a nation. Tony Kushner and composer Jeanine Tesori have created a story that addresses contemporary questions of culture, community, race and class through the lens and musical pulse of the 1960s. Tony Kushner is best known for the two-part masterwork, *Angels in America*, recently produced by HBO as a six-hour television event, directed by Mike Nichols to universal acclaim. His other plays include *Homebody/Kabul*, *A Bright Room Called Day* and *Slavs!*; as well as adaptations of Corneille’s *The Illusion*, Ansky’s *The Dybbuk*,

assured destruction ideologies. Tragedy, according to risk theatre, puts us face to face with the unexpected implications of our actions by simulating the profound impact of highly improbable events. In this book, classicist Edwin Wong shows how tragedy imitates reality: heroes, by taking inordinate risks, trigger devastating low-probability, high-consequence outcomes. Such a theatre forces audiences to ask themselves a most timely question---what happens when the perfect bet goes wrong? Not only does Wong reinterpret classic tragedies from Aeschylus to O'Neill through the risk theatre lens, he also invites dramatists to create tomorrow's theatre. As the world becomes increasingly unpredictable, the most compelling dramas will be high-stakes tragedies that dramatize the unintended consequences of today's risk takers who are taking us past the point of no return.
